School, Palwal**

**ANNUAL  
REPORT**

**SESSION: 2024-25**

Welcome to the culmination of another successful academic year at Golaya Progressive Public School, where excellence in education meets dedication to student growth and achievement.

Golaya Progressive Public School, a beacon of academic excellence and holistic development, fosters academic excellence, personal growth, and the development of well-rounded individuals prepared to excel in a dynamic world. This report encapsulates the achievements, milestones, and endeavors of our school community throughout the academic year 2024-2025.

The primary aim of school is to provide education and foster the intellectual, social, emotional, and physical development of students and empower them with the knowledge, skills, values, and attitudes they need to lead fulfilled lives and contribute positively to society.

## **Vision**

Our vision is to create a joyful, inclusive, and stimulating learning environment where each child is encouraged to explore, innovate, and realize their true potential. We aim to shape future-ready citizens who are compassionate, creative, and committed to making a positive difference in the world. We, at GPPS, aspire to foster globally aware learners who respect diversity, embrace sustainability, and contribute responsibly to a better tomorrow.

## **Mission**

At GPPS, we are committed to creating a nurturing and inclusive learning environment where every child is encouraged to explore their potential, develop critical thinking, and cultivate creativity. Our mission is to provide quality education that fosters intellectual curiosity, emotional resilience, physical fitness, and moral integrity, preparing students to lead meaningful and balanced lives. We aim to build a collaborative school culture that involves students, teachers, and parents in shaping a supportive and dynamic educational journey. Our mission is to blend academic excellence with strong values, equipping students with knowledge, skills, and character to excel in life and contribute positively to society.

## Philosophy

At GPPS, we believe that education extends beyond textbooks. It is about fostering curiosity, critical thinking, creativity, and compassion. Our approach encourages students to become lifelong learners and responsible global citizens, equipped to navigate the complexities of the modern world with confidence and integrity. By working in close partnership with parents, educators, and the wider community, we strive to cultivate a culture of excellence, empathy, and empowerment, ensuring that every child not only excels academically but also grows as a well-rounded individual. Our educational philosophy is rooted in the belief that every child is unique and possesses limitless potential.

## Staff Position

Our staff plays a pivotal role in shaping a positive and enriching learning environment that supports the academic and personal growth of every student. All members of our teaching faculty are qualified in accordance with educational standards and regularly engage in professional development programs to stay updated with the latest pedagogical practices. The school maintains an optimal student-teacher ratio to ensure personalized attention and effective classroom engagement. Staff appointments, training, and evaluations are conducted in alignment with our commitment to continuous improvement and excellence in education.

## Teachers' Training

We believe that continuous professional development is key to maintaining high standards of teaching and learning. During the 2024-25 session, our teachers participated in a range of training initiatives, including workshops, webinars, seminars, and certification courses. By equipping our staff with updated knowledge and tools, we aim to create classrooms that are dynamic, student-centered, and aligned with modern educational needs.

## Art Integrated Learning

Our school emphasizes on Art Integrated Learning which adds depth, creativity, and meaning to the curriculum, enriching the educational experience for students. At GPPS, we actively promote **Art Integrated Learning (AIL)** as an essential part of our educational approach. AIL is not only a tool for creative expression but also a powerful pedagogical method that helps students understand concepts across subjects through artistic experiences. These activities not only enhanced conceptual understanding but also nurtured critical thinking, collaboration, and cultural awareness.

## PTA Activities

The PTA serves as a collaborative platform where parents and teachers work together to support the academic, emotional, and social development of students. During the academic year 2024-25, the PTA was actively involved in various initiatives that enhanced both school operations and student experiences. We deeply appreciate the active participation and continued support of our PTA members, whose involvement significantly contributes to the holistic development of our students and the overall growth of the school.

## Academic Achievement

Academic excellence continues to be a cornerstone of [School Name]'s mission. We are proud to report that during the session 2024-25, our students demonstrated outstanding performance across various scholastic areas, reflecting their hard work, dedication, and the commitment of our teaching staff. The achievements of our students not only highlight academic excellence but also reflect their curiosity, determination, and the unwavering support of teachers and parents.

## Sports Achievements

At GPPS, we believe that sports and physical education are essential for the holistic development of our students. This year, our young athletes showcased exceptional talent, discipline, and sportsmanship across various inter-house, inter-school, district, state, and national-level competitions. During the academic year 2024-25, students actively participated in a wide range of sports activities. Their commitment and perseverance led to commendable achievements at various levels.

## Innovations

At GPPS, we continuously strive to foster a culture of innovation that encourages creativity, problem-solving, and forward thinking among both students and teachers. In alignment with 21st-century learning goals and the National Education Policy (NEP) 2020, this year was marked by several initiatives that brought fresh ideas and practices into our educational environment.

## Infrastructure Development

The school has very good Infrastructure - two Computer labs in Senior Wing with 36 Computers and one Computer Lab in Junior Wing with 18 computers. All the classrooms (primary & secondary) are smart classes for promoting ICT in teaching learning practice, five laboratories (Physics, Chemistry, Mathematics, Biology and Junior Science Lab), provision of safe drinking water, two generators to provide uninterrupted power supply, solar panels in both wings, two Basketball courts, one Table Tennis table, Kho-Kho, Volleyball court and ground for athletics, etc.

## Co-curricular activities

Throughout the academic year 2024-25, a wide range of co-curricular activities were organized to provide students with opportunities to explore their talents and interests beyond academics.
